### EXPERIENCE

#### Web Developer (Intern)

I am a junior full-stack web developer with hands-on experience in both frontend and backend technologies including HTML, CSS, Sass, PHP, Laravel, WordPress, and React. I completed a full-stack web development course from AI-Fateem Academy in 2025. I am passionate about building responsive, user-friendly web applications and continuously learning new tools to grow my skills. I work well in collaborative teams and enjoy solving technical challenges.
